### **DETAILED ACTION**

1. The text of those sections of Title 35, U.S. Code not included in this section can be found in the prior office action.
2. The prior office actions are incorporated herein by reference. In particular, the observations with respect to claim language, and response to previously presented arguments.
3. Claims 1, 3, 5-7, 11-14, 16-19, 21-24, 26, 28-30, 34-37 and 39-46 have been amended.
4. Claims 1-46 are pending.
5. Applicant amendment to the specification have been acknowledged and approved by the examiner.
6. Examiner withdraws the rejection of claims under 35 U.S.C 112-second paragraphs due to correction by the applicant. However new ground of rejection under 112-second have been issued (see below).

### ***Response to Arguments***

7. Applicant's arguments with respect to the claims have been considered but are moot in view of the new ground(s) of rejection.

***Claim Rejections - 35 USC § 112***

8. Claims 1-46 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In the claims 1-46, the “high-speed cipher” phrases makes the claims indefinite and unclear in that neither means/ or method steps nor interrelationship of means/or method steps are set forth in these claims in order to achieve the desired results expressed in the “high-speed cipher” phrases. Applicant’s arguments and reference to line 3 of page 5 of the specification are not persuasive since “high-speed cipher” is a relative term and speed of a cipher may be different from one system to another and such speeds may be satisfactory to such systems. Page 5, line 3 of the specification does not disclose what applicant considers as “high-speed cipher” or it is not clear enough to define the phrase “high-speed cipher”.

***Allowable Subject Matter***

9. **Claims 1-46** would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action without broadening the claims language.

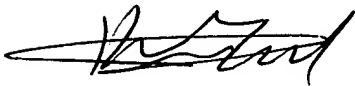

### Conclusion

10. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
